INDEX

Abscess, lung, "drowned" lung and, 31
Achalasia, esophageal, 198
  motility studies in, 201
  roentgenologic aspects of, 199
  treatment of, 202
  vigorous, 214
Actinomycosis, intrabronchial tumors in, 226
Adenoma, bronchial, 228
  bronchoscopy in, 252
Allergic edema, subglottic, in children, 76
  supraglottic, in children, 74
Amyloid pseudotumors, of trachea and bronchi, 221
Anesthesia, bronchial, for endoscopy, 47
  choice of, for endoscopy, 38
  general, for endoscopy, 48
  in pediatric bronchography, 100, 101
  in peroral endoscopy, 37-68
  local, for endoscopy, 41
    administration of, 44
    premedication for, 42
    untoward reactions to, 45
  tracheal, 47
  transcricoid, for endoscopy, 48
  transtracheal, 48
Anesthetization, technique of, in endoscopy, 46
Antibiotic agents, in acute laryngotracheobronchitis, 80
Antibody deficiency syndrome, acute laryngotracheobronchitis and, 78
Aortic arch, anomalies of, in children, bronchography in, 110
Apneic technique, for direct laryngoscopy, 53
Artery, common carotid, left, anomaly of, bronchography in, 110
  innominate, anomaly of, bronchography in, 110
Atelectasis, impending, bronchoscopy in, 141
  pulmonary, in newborn, 161
Atrioventricular block, atrium-triggered pacemaker in, mediastinoscopy in placement of, 188
Atropine sulfate, as premedication for endoscopy, 43

Barbiturates, as premedication for endoscopy, 43
  overdosage reactions to local anesthetics and, 45
Benadryl, as premedication for endoscopy, 43
Biopsy, bronchoscopic, in bronchogenic carcinoma of lung, 248
  mediastinal, 178
Body respirators, during anesthesia, 54
Boeck's sarcoid, intrabronchial, 225
Bougienage, in corrosive esophagitis, 126
Breast, carcinoma of, mediastinoscopy in, 186
Bronchitis, foreign-body, 12-27
    lung and, 26
Bronchus, adenoma of, 228
    bronchoscopy in, 252
  amyloid pseudotumor of, 221
  and trachea, benign tumors of, 219-238
  chondroma of, 233
  fibroma of, 231
  foreign bodies in, 25
    tissue reaction to, causes of, 27
      pathology of, 29
  granular cell myceloblastoma of, 235
  granuloma of, 219
    syphilitic, 225
  hamartoma of, 235
  in metastatic carcinoma, bronchoscopy in, 254
  leiomyoma of, 235
  lipoma of, 233
  osteochondroma of, 233
  osteoma of, 233
  polyps of, 220
  stenosis of, with foreign body, 34
  tuberculoma of, 223
  tumors of, benign neoplastic, 226
    epithelial, 227
    inflammatory, 223
    mesodermal, 231
    of developmental origin, 235
Bronchiectasis, in children, bronchography in, 106
    causes of, 107

Bronchogenic cyst, resection of, mediastinoscopy in, 187
Bronchography, in children, 91-117
anesthesia in, 100, 101
complications of, 98
contraindications to, 97
historical aspects of, 91
in bronchiectasis, 106
indications for, 95
postoperative care in, 105
preoperative preparation for, 100
technique of, 99, 103
Bronchoscope, Holinger, 52
in tracheostomy, in acute laryngotracheobronchitis, 85
ventilating, 52
Bronchoscopy, anesthesia for, in children, 100, 101
emergency, in newborn, 165
in bronchogenic carcinoma of lung, 247
complications of, 255
contraindications to, 255
in cytologic study, 249
in evaluation of resectability, 251
in impending atelectasis, 141
nonrelaxant techniques in, 51

CARCINOMA, bronchogenic, of lung, bronchoscopic aspects of, 239-257
bronchoscopy in, 247
contraindications to, 255
bronchoscopic biopsy in, 248
cytologic study in, bronchoscopy in, 249
diagnosis of, 244
laryngeal paralysis in, 249
mediastinal biopsy in, 178
mediastinoscopy in, 177
versus thoracotomy, 181
pathology of, 243
precancerous lesions and, 242
resectability in, 179
symptoms of, 241
metastatic, bronchial involvement in, bronchoscopy in, 254
of breast, mediastinoscopy in, 186
of esophagus, mediastinoscopy in, 186
Cardiac failure, as contraindication to bronchography in children, 98
Cardiovascular anomalies, in newborn, 163
Cardiovascular disease, cough in, 133
endoscopic examination in diagnosis of, 135
peroral endoscopy in, 133-146
treatment of, 140
Carotid artery, common, left, anomaly of, as indication for bronchography, 110
Children. See also *Infants* and *Newborn*.
acute epiglottitis, in, 70
signs and symptoms of, 71
treatment of, 73
acute laryngotracheal infections in, 69-88
acute obstructive laryngitis in, 69
allergic edema in, subglottic, 76
supraglottic, 74
bronchiectasis in, bronchography in, 106
causes of, 107
bronchography in, 91-117. See also *Bronchography, in children*.
endoscopy in, sedation for, 41
H. influenzae infections in, 72
tracheal obstruction in, due to foreign body, 87
Chloramphenicol, in acute epiglottitis, in children, 74
Choanal atresia, bilateral, treatment of, 151
Choanal obstruction, in newborn, 150
Chondroma, of trachea and bronchi, 233
Coin lesion, of lung, 246
Common carotid artery, left, anomaly of, as indication for bronchography, 110
Contrast media, fluid, virtues of, 92
selection of, 93
Corrosive esophagitis, 119-131
bougienage in, 126
clinical course of, 123
diagnosis of, 125
pathology of, 120
stricture formation in, 129
treatment of, 125
complications of, 129
regimen for, 127
results of, 128
Corticosteroid therapy, in acute laryngotracheobronchitis, 81
Cough, in cardiovascular disease, 133
in children, as indication for bronchography, 95
Croup, 69
spasmodic, 76
viral, 77
Cylindroma, bronchial, 252
versus adenoma, 230
Cyst, bronchogenic, resection of, mediastinoscopy in, 187
supraglottic, in newborn, 156

DERMATOMYOSITIS, esophageal dysfunction in, 205
Diaphragmatic hernia, congenital, 164
Dionosil, characteristics of, 94
in bronchography, 92

Diphtheria, laryngeal, in children, 75
Drainage, postural, following tracheostomy, in acute laryngotracheobronchitis, 84
"Drowned" lung, 31
  lung abscess and, 31
Dyschalasia, 214
Dysphagia, in cardiovascular disease, 134
Dyspnea, in cardiovascular disease, 134

EDEMA, allergic, subglottic, in children, 76
  supraglottic, in children, 74
Endoscopy, bronchial anesthesia for, 47
  fluoroscopy with, 56
  general anesthesia for, 48
  in diagnosis of cardiovascular disease, 135
  inpatient vs. outpatient, 37
  local anesthesia for, 41
    equipment for, 44
    premedication for, 42
      intravenous, 43
  peroral, anesthesia in, 37-68. See also *Peroral endoscopy*.
  relaxation during, explanation to patient, 41
  restraint during, 39
  sedation for, in children, 41
  without anesthesia, 39
Epiglottitis, acute, in children, 70
    signs and symptoms of, 71
    treatment of, 73
Epithelial tumors, of bronchi and trachea, 227
Esophagitis, corrosive, 119-131. See also *Corrosive esophagitis*.
  ulcerative, 123. See also *Corrosive esophagitis*.
Eosphagoscopy, 55. See also *Endoscopy*.
  in achalasia, 198
  in corrosive esophagitis, 125, 128
    perforation with, 129
  in diagnosis of cardiovascular disease, 135
Esophagus, achalasia of, 198. See also *Achalasia*.
  acquired lesions of, in newborn, 161
  carcinoma of, mediastinoscopy in, 186
  diffuse spasm of, 207
    endoscopic findings in, 209
    motility studies in, 210
    treatment of, 212
  dysfunction of, 195-217
  in scleroderma, 204
  intraluminal pressure of, measurement of, 196
  obstruction of, in newborn, 134
Esophagus (*Continued*)
  roentgenographic examination of, in cardiovascular disease, 138
Examination, pre-endoscopic, 37

FALSE croup, 76
Fibroma, of bronchus, 231
Fistula, tracheoesophageal, in children, bronchography in, 113
    in newborn, 163
Fluoroscopy, in endoscopy, 56
Foreign bodies, bacterial infection and, 23
  bronchial stenosis with, 34
  "corrosive" changes in, 7
  classes of, 5
  in air and food passages, 3-35
  in bronchi, location of, 25
    tissue reaction to, causes of, 27
  in larynx and upper trachea, in children, 87
  retrolaryngeal, 51
  tissue reaction to, 11, 27

GLOTTIC webs, in newborn, 158
Granular cell myeloblastoma, of bronchus, 235
Granuloma, of trachea and bronchi, 219
  syphilitic, of bronchus, 225

Haemophilus influenzae, as cause of acute epiglottis, in children, 70
    treatment of, 74
Hamartomas, bronchial, 235
Head, positioning of, during endoscopy, 40
Heart. See *Cardiac*.
Hemangioma, of trachea, 231
  subglottic, in newborn, 157
Hemoptysis, in cardiovascular disease, 133
  in children, as indication for bronchography, 96
Hernia, diaphragmatic, congenital, 164
  esophageal hiatus, in newborn, 163
Histoplasmosis, intrabronchial tumors in, 226
Holinger bronchscope, 52
Hytrast, in bronchography, 92

INFANT, tracheal hemangioma in, 231. See also *Children* and *Newborn*.
Infections, acute laryngotracheal, in children, 69-88
Innominate artery, anomaly of, bronchography in, 110
Iodism, in children, 98
    skin test for, 99

LARYNGEAL diphtheria, in children, 75
Laryngitis, acute obstructive, in children, 69
  subglottic, in children, 77
Laryngomalacia, in newborn, 155
Laryngoscopy, direct, apneic technique for, 53
    in acute epiglottitis, in children, 72
  suspension, 50
  techniques for, 50
Laryngotracheal infections, acute, in children, 69-88
Laryngotracheobronchitis, acute, in children, 77
    antibiotic therapy in, 80
    corticosteroid therapy in, 81
    etiologic factors, 77
    pathologic changes in, 78
    tracheostomy in, 81
    treatment of, 79
Larynx, acquired lesions of, in newborn, 159
  anesthetization of, for endoscopy, 46
  congenital lesions of, management of, 155
    with respiratory distress, 154
  foreign bodies in, 25
    in children, 87
  paralysis of, bilateral, in bronchogenic carcinoma of lung, 249
    in newborn, 158
Leiomyoma, of bronchus, 235
Ligamentum arteriosum, left, with right aortic arch, bronchography in, 110
Lipiodol, characteristics of, 94
  in bronchography, 92
Lipoma, intrabronchial, 233
Lung, abscess of, "drowned" lung and, 31
  agenesis of, in children, bronchography in, 116
  bronchogenic carcinoma of, bronchoscopic aspects of, 239-257. See also *Carcinoma, bronchogenic.*
  coin lesion of, 246
  "drowned," 31
    lung abscess and, 31
  foreign-body bronchitis and, 26
  nodule of, 246
  radiographic changes in, in children, as indication for bronchography, 96

MEDIASTINOSCOPY, 171-193
  complications of, 173
  in carcinoma, bronchogenic, 177
    of breast, 186
    of esophagus, 186
  in sarcoidosis, 182
  in silicosis, 185
Mediastinoscopy (*Continued*)
  in thymectomy, 190
  technique of, 172
  therapeutic use of, 186
  versus thoracotomy, in bronchogenic carcinoma, 181
Meperidine, as premedication for endoscopy, 42
Metastatic carcinoma, bronchial involvement in, bronchoscopy in, 254. See also *Carcinoma.*
Microbarium, as contrast medium, 93
  characteristics of, 95
Microlaryngoscopy, 50
Morphine, as premedication for endoscopy, 42
Mouth, acquired lesions of, in newborn, 153
  congenital lesions of, 153
Myeloblastoma, granular cell, of bronchus, 235

NASOPHARYNGEAL airway, obstruction of, in newborn, 149
    treatment of, 150
Nebulizer, ultrasonic, in acute laryngotracheobronchitis, 79
Newborn, bacterial pneumonia in, 162
  cardiovascular anomalies in, 163
  emergency bronchoscopy in, 165
  esophageal hiatus hernia in, 163
  esophageal obstruction in, 134
  glottic webs in, 158
  laryngeal paralysis in, bilateral, 158
  laryngomalacia in, 155
  lesions of larynx in, acquired, 159
  lesions of mouth in, 153
  lesions of pharynx in, 153
  nasopharyngeal airway obstruction in, 149
    treatment of, 150
  pneumothorax in, 164
  pulmonary atelectasis in, 161
  respiratory distress in, 147-169
  subglottic hemangioma in, 157
  tracheal obstruction in, 134
  tracheoesophageal fistula in, 163
Nitrogen clearance, in general anesthesia for endoscopy, 49
Nodule, of lung, 246

OBSTRUCTION, bronchial, following tracheostomy, in acute laryngotracheobronchitis, 85
Oropharynx, anesthetization of, for endoscopy, 46
Osteochondroma, of trachea and bronchi, 233

Osteoma, of trachea and bronchi, 233
Oxygen, drying effect of, as cause of airway problem, in newborn, 161
Oxygenation, in general anesthesia for endoscopy, 49

PAPILLOMA, of trachea and bronchi, 227
Pediatric. See *Children, Infants,* and *Newborn.*
Peroral endoscopy, anesthesia in, 37-68
  in cardiovascular disease, 133-146
  precautions in, 143
    in cardiovascular disease, 144
  premedication for, 143
  technique of, 142
Pharynx, acquired lesions of, in newborn, 153
  congenital lesions of, management of, 153
    with respiratory distress, 152
Pneumonia, bacterial, in newborn, 162
  following tracheostomy, in acute laryngotracheobronchitis, 85
  recurrent, in children, as indication for bronchography, 96
Pneumothorax, following tracheostomy, in acute laryngotracheobronchitis, 85
  in newborn, 164
Polymyositis, esophageal dysfunction in, 205
Polyps, of trachea and bronchi, 220
Postural drainage, following tracheostomy, in acute laryngotracheobronchitis, 84
Pseudotumors, amyloid, of trachea and bronchi, 221
Pulmonary. See *Lung.*

RESPIRATORS, body, during anesthesia, 54
Respiratory distress, in newborn, 147-169
    causes of, 166
    with congenital lesions, of larynx, 154
      of mouth and pharynx, 152
Respiratory distress syndrome, idiopathic, in newborn, 165
Respiratory tract, lower, congenital lesions of, 160
Restraint, in endoscopy without anesthesia, 39
Rhinoscleroma, intrabronchial tumors in, 225

SARCOID, Boeck's, intrabronchial, 225
Sarcoidosis, mediastinoscopy in, 182
Scleroderma, of esophagus, 204
  esophageal motility studies in, 206
Scleroderma (*Continued*)
  treatment of, 207
Silicosis, mediastinoscopy in, 185
Sodium ampicillin, in acute epiglottitis, in children, 74
Spasmodic croup, 76
Stenosis, bronchial, with foreign body, 34
  subglottic, congenital, 156
Stokes-Adams syndrome, atrium-triggered pacemaker in, mediastinoscopy in placement of, 188
Stridor, chronic, bronchography in, 97
  in children, significance of, 110
Syphilitic granuloma, of bronchus, 225

TETRACAINE, in asthmatic patients, 45
Thoracotomy, versus mediastinoscopy, in bronchogenic carcinoma, 181
Thymectomy, mediastinoscopy in, 190
Torula, intrabronchial tumors in, 226
Trachea, amyloid pseudotumors of, 221
  anesthetization of, 47
    for endoscopy, 47
  and bronchi, benign tumors of, 219-238
  chondroma of, 233
  congenital atresia of, 162
  epithelial tumors of, 227
  foreign bodies in, in children, 87
  granuloma of, 219
  hemangioma of, in infant, 231
  mesodermal tumors of, 231
  obstruction of, in newborn, 134
  osteochondroma of, 233
  osteoma of, 233
  polyps of, 220
  webs of, 162
Tracheobronchial tree, acquired lesions of, in newborn, 161
  anomalies of, in children, bronchography in, 115
Tracheoesophageal fistula, in children, bronchography in, 113
  in newborn, 163
Tracheography, technique of, in children, 99. See also *Bronchography.*
Tracheomalacia, primary, in newborn, 165
Tracheopathia osteoplastica, 234
Tracheoscopy, importance in foreign bodies of larynx, in children, 87
  in acute epiglottitis, in children, 70, 73
  in acute laryngotracheobronchitis, 81
    complications of, 85
    incision in, 83
    postoperative care in, 84
    technique of, 82

Transcricoid anesthesia, for endoscopy, 48
Transtracheal anesthesia, for endoscopy, 48
Tuberculomas, of bronchi, 223
Tuberculosis, as contraindication to bronchography in children, 97
Tumor. See also *Carcinoma.*
  benign, of trachea and bronchi, 219-238
  of bronchi, 223
    benign neoplastic, 226
    of developmental origin, 235
  epithelial, of bronchi and trachea, 227
  inflammatory, nonspecific, of trachea and bronchi, 219
  intrabronchial, 226
Tumor (*Continued*)
  mesodermal, of trachea and bronchi, 231
  pulmonary, mediastinoscopy in, 177

Ulcerative esophagitis, 123. See also *Corrosive esophagitis.*

Viral croup, 77
Visciodol, in bronchography, 92

Web, glottic, in newborn, 158
  tracheal, 162
Wheeze, in cardiovascular disease, 134
  persistent, in children, bronchography in, 96

INDEX

Bronchogenic cyst, resection of, mediastinoscopy in, *1968:* June, 187
Bronchography, in children, *1968:* June, 91-117
anesthesia in, *1968:* June, 100, 101
complications of, *1968:* June, 98
contraindications to, *1968:* June, 97
historical aspects of, *1968:* June, 91
in bronchiectasis, *1968:* June, 106
indications for, *1968:* June, 95
postoperative care in, *1968:* June, 105
preoperative preparation for, *1968:* June, 100
technique of, *1968:* June, 99, 103
Bronchoscope, Holinger, *1968:* June, 52
in tracheostomy, in acute laryngotracheobronchitis, *1968:* June, 85
ventilating, *1968:* June, 52
Bronchoscopy, anesthesia for, in children, *1968:* June, 100, 101
in bronchogenic carcinoma of lung, *1968:* June, 247
complications of, *1968:* June, 255
contraindications to, *1968:* June, 255
in cytologic study, *1968:* June, 249
in evaluation of resectability, *1968:* June, 251
emergency, in newborn, *1968:* June, 165
in impending atelectasis, *1968:* June, 141
nonrelaxant techniques in, *1968:* June, 51

CALORIC reaction, hearing and, *1968:* Oct., 515
measurement of, *1968:* Oct., 511
Caloric test, in Meniere's disease, *1968:* Oct., 418
interpretation of, *1968:* Oct., 551
Capsule, otic, anatomy of, developmental and adult, *1968:* Oct., 273-304
development of, *1968:* Oct., 282
Carbonic anhydrase, in cochlear fluid, *1968:* Oct., 692
Carcinoma, bronchogenic, of lung, bronchoscopic aspects of, *1968:* June, 239-257
bronchoscopic biopsy in, *1968:* June, 248
bronchoscopy in, *1968:* June, 247
contraindications to, *1968:* June, 255
cytologic study in, bronchoscopy in, *1968:* June, 249
diagnosis of, *1968:* June, 244
laryngeal paralysis in, *1968:* June, 249
mediastinal biopsy in, *1968:* June, 178
mediastinoscopy in, *1968:* June, 177
versus thoracotomy, *1968:* June, 181
pathology of, *1968:* June, 243
precancerous lesions and, *1968:* June, 242
resectability in, *1968:* June, 179
symptoms of, *1968:* June, 241
metastatic, bronchial involvement in, bronchoscopy in, *1968:* June, 254
of breast, mediastinoscopy in, *1968:* June, 186

Carcinoma (*Continued*)
of esophagus, mediastinoscopy in, *1968:* June, 186
Cardiac failure, as contraindication to bronchography in children, *1968:* June, 98
Cardiovascular anomalies, in newborn, *1968:* June, 163
Cardiovascular disease, cough in, *1968:* June, 133
endoscopic examination in, diagnosis of, *1968:* June, 135
peroral endoscopy in, *1968:* June, 133-146
treatment of, *1968:* June, 140
Carotid artery, common, left, anomaly of, as indication for bronchography, *1968:* June, 110
Cerebellopontine angle, lesions of, diagnosis of, *1968:* Oct., 500
Cervical cord lesions, vertigo in, *1968:* Oct., 502
Children. See also *Infants* and *Newborn.*
acute epiglottitis in, *1968:* June, 70
signs and symptoms of, *1968:* June, 71
treatment of, *1968:* June, 73
acute laryngotracheal infections in, *1968:* June, 69-88
acute obstructive laryngitis in, *1968:* June, 69
allergic edema in, subglottic, *1968:* June, 76
supraglottic, *1968:* June, 74
bronchiectasis in, bronchography in, *1968:* June, 106
causes of, *1968:* June, 107
bronchography in, *1968:* June, 91-117. See also *Bronchography, in children.*
endoscopy in, sedation for, *1968:* June, 41
H. influenzae infections in, *1968:* June, 72
tracheal obstruction in, due to foreign body, *1968:* June, 87
Chloramphenicol, in acute epiglottitis, in children, *1968:* June, 74
Choanal atresia, bilateral, treatment of, *1968:* June, 151
Choanal obstruction, in newborn, *1968:* June, 150
Chondroma, of trachea and bronchi, *1968:* June, 233
Cochlea, electrolyte studies of, *1968:* Oct., 417
in Meniere's disease, histopathology of, *1968:* Oct., 319
wave travel in, *1968:* Oct., 376
Cochlear aqueduct, development of, *1968:* Oct., 292
Cochlear aqueduct (*Continued*)
patency of, *1968:* Oct., 421
Cochlear fluid, carbonic anhydrase in, *1968:* Oct., 692
Cochlear hydrops, *1968:* Oct. 479-488. See also *Hydrops.*
Coin lesion, of lung, *1968:* June, 246
Common carotid artery, left, anomaly of, as indication for bronchography, *1968:* June, 110
Contrast media, fluid, virtues of, *1968:* June, 92
selection of, *1968:* June, 93
Corrosive esophagitis, *1968:* June, 119-131
bougienage in, *1968:* June, 126
clinical course of, *1968:* June, 123
diagnosis of, *1968:* June, 125
pathology of, *1968:* June, 120
stricture formation in, *1968:* June, 129
treatment of, *1968:* June, 125
complications of, *1968:* June, 129
regimen for, *1968:* June, 127
results of, *1968:* June, 128
Corticosteroid therapy, in acute laryngotracheobronchitis, *1968:* June, 81
Cough, in cardiovascular disease, *1968:* June, 133
in children, as indication for bronchography, *1968:* June, 95
Croup, *1968:* June, 69
spasmodic, *1968:* June, 76
viral, *1968:* June, 77
Cryo otic perotic shunt, *1968:* Oct., 670
technique of, *1968:* Oct., 672
theoretical considerations in, *1968:* Oct., 674
Cryosurgery, animal experimentation in development of, *1968:* Oct., 651
cryogenic dosage in, *1968:* Oct., 650
complications of, *1968:* Oct., 680
effects of, experimental studies of, *1968:* Oct., 683
labyrinthine, clinical use of, *1968:* Oct., 661-668
selective, evolution of, in experimental animals, *1968:* Oct. 649-659
of promontory, in Meniere's disease, *1968:* Oct., 669-681
results of, *1968:* Oct., 678
selection of patients for, *1968:* Oct., 678
Cryosurgical probe, development of, for experimental use, *1968:* Oct., 649
Cylindroma, bronchial, *1968:* June, 252
versus adenoma, *1968:* June, 230
Cyst, bronchogenic, resection of, mediastinoscopy in, *1968:* June, 187

Cyst (*Continued*)
supraglottic, in newborn, *1968:* June, 156

DERMATOMYOSITIS, esophageal dysfunction in, *1968:* June, 205
Diaphragmatic hernia, congenital, *1968:* June, 164
Dichlotride, in Meniere's disease, *1968:* Oct., 542
Dionosil, characteristics of, *1968:* June, 94
in bronchography, *1968:* June, 92
Diphtheria, laryngeal, in children, *1968:* June, 75
Diuretics, and glycerin test, in Meniere's disease, *1968:* Oct., 541-549
Dizziness, psychogenic, *1968:* Oct., 505
Drainage, postural, following tracheostomy, in acute laryngotracheobronchitis, *1968:* June, 84
"Drowned" lung, *1968:* June, 31
lung abscess and, *1968:* June, 31
Duct, endolymphatic, development of, *1968:* Oct., 298
perilymphatic, development of, *1968:* Oct., 292
Dyschalasia, *1968:* June, 214
Dysphagia, in cardiovascular disease, *1968:* June, 134
Dyspnea, in cardiovascular disease, *1968:* June, 134
Dysproteinemia, in Meniere's disease, *1968:* Oct., 451

EAR, inner. See *Inner ear.*
Edema, allergic, subglottic, in children, *1968:* June, 76
supraglottic, in children, *1968:* June, 74
Eighth cranial nerve, division of, middle cranial fossa approach in, in Meniere's disease, *1968:* Oct., 587
translabyrinthine section of, in Meniere's disease, *1968:* Oct., 563-568
Electronystagmographic studies, in Meniere's disease, *1968:* Oct., 509-518. See also *Caloric test.*
Endolymph, analysis of, in diagnosis of Meniere's disease, *1968:* Oct., 389-396
development of, *1968:* Oct., 278
electrolyte composition of, in Meniere's disease, *1968:* Oct., 370
perilymph and, pressures of, *1968:* Oct., 422
Endolymph fistulas, cochlear microphonics and, experimental studies of, *1968:* Oct., 473-478
Endolymphatic duct and sac, development of, *1968:* Oct., 298
in Meniere's disease, *1968:* Oct., 326
Endolymphatic hydrops, diagnosis of, *1968:* Oct., 542
experimental production of, *1968:* Oct., 457-471
in Meniere's disease, *1968:* Oct., 373
sacculotomy in, automatic repetitive, *1968:* Oct., 637-642. See also *Sacculotomy.*
symptoms of Meniere's disease and, *1968:* Oct., 447
Endolymphatic pressure, experimental variations in, in frog, *1968:* Oct., 363-368

Microlaryngoscopy, *1968:* June, 50
Middle cranial fossa approach, in division of vestibular nerve, in Meniere's disease, *1968:* Oct., 587
Migraine, Meniere's disease and, *1968:* Oct., 553
Morphine, as premedication for endoscopy, *1968:* June, 42
Mouth, acquired lesions of, in newborn, *1968:* June, 153
congenital lesions of, *1968:* June, 153
Myeloblastoma, granular cell, of bronchus, *1968:* June, 235

NASOPHARYNGEAL airway, obstruction of, in newborn, *1968:* June, 149
treatment of, *1968:* June, 150
Nebulizer, ultrasonic, in acute laryngotracheobronchitis, *1968:* June, 79

Needle prosthesis, in decompression of labyrinth, *1968:* Oct., 686
Nerve fibers, peripheral, in Meniere's disease, histopathology of, *1968:* Oct., 322
Neurilemmoma, acoustic, diagnosis of, *1968:* Oct., 500
Neurinoma, acoustic, case history, *1968:* Oct., 347
  cochlear, case history, *1968:* Oct. 352
Neuritis, vestibular, differential diagnosis of, *1968:* Oct., 501
Neuroma, acoustic, microscopic appearance of, *1968:* Oct., 306
    vestibular neuronitis and, electron microscopic observations in, *1968:* Oct., 305-318
Neuronitis, vestibular, differential diagnosis of, *1968:* Oct., 501
    small acoustic neuroma and, electron microscopic observations in, *1968:* Oct., 305-318
Newborn, bacterial pneumonia in, *1968:* June, 162
  cardiovascular anomalies in, *1968:* June, 163
  emergency bronchoscopy in, *1968:* June, 165
  esophageal hiatus hernia in, *1968:* June, 163
  esophageal obstruction in, *1968:* June, 134
  glottic webs in, *1968:* June, 158
  laryngeal paralysis in, bilateral, *1968:* June, 158
  laryngomalacia in, *1968:* June, 155
  lesions of larynx in, acquired, *1968:* June, 159
  lesions of mouth in, *1968:* June, 153
  lesions of pharynx in, *1968:* June, 153
  nasopharyngeal airway obstruction in, *1968:* June, 149
    treatment of, *1968:* June, 150
  pneumothorax in, *1968:* June, 164
  pulmonary atelectasis in, *1968:* June, 161
  respiratory distress in, *1968:* June, 147-169
  subglottic hemangioma in, *1968:* June, 157
  tracheal obstruction in, *1968:* June, 134
  tracheoesophageal fistula in, *1968:* June, 163
Nitrogen clearance, in general anesthesia for endoscopy, *1968:* June, 49
Nodule, of lung, *1968:* June, 246
Nystagmus, and positional vertigo, in Meniere's disease, *1968:* Oct., 553
  in acute vertiginous attack, *1968:* Oct., 509
  positional in traumatic lesions, *1968:* Oct., 501
Obstruction, bronchial, following tracheostomy, in acute laryngotracheobronchitis, *1968:* June, 85
Oropharynx, anesthetization of, for endoscopy, *1968:* June, 46
Osseous labyrinth, development of, *1968:* Oct., 280
  developmental and adult anatomy of, *1968:* Oct., 273-304
Osteochondroma, of trachea and bronchi, *1968:* June, 233
Osteoma, of trachea and bronchi, *1968:* June, 233
Otic capsule, anatomy of, developmental and adult, *1968:* Oct., 273-304
  development of, *1968:* Oct., 282
Otic-perotic shunt, *1968:* Oct., 643-648
Oval window, labyrinthectomy via, in Meniere's disease, *1968:* Oct., 557-561
Oxygen, drying effect of, as cause of airway problem, in newborn, *1968:* June, 161
Oxygenation, in general anesthesia for endoscopy, *1968:* June, 49

Papilloma, of trachea and bronchi, *1968:* June, 227
Paralysis, facial, following cryosurgery, *1968:* Oct., 680
Pediatric. See *Children, Infants,* and *Newborn.*
Perforation, following cryosurgery, *1968:* Oct., 680
Perilymph, development of, *1968:* Oct., 280
  electrolyte composition of, in Meniere's disease, *1968:* Oct., 370
  endolymph and, pressures of, *1968:* Oct., 422
Perilymphatic duct, development of, *1968:* Oct., 292
Perilymphatic space, of inner ear, communication with cranial spaces, *1968:* Oct., 421
Peroral endoscopy, anesthesia in, *1968:* June, 37-68
  in cardiovascular disease, *1968:* June, 133-146
  precautions in, *1968:* June, 143
    in cardiovascular disease, *1968:* June, 144
  premedication for, *1968:* June, 143
  technique of, *1968:* June, 142
Pharynx, acquired lesions of, in newborn, *1968:* June, 153
  congenital lesions of, management of, *1968:* June, 153
    with respiratory distress, *1968:* June, 152

Pneumonia, bacterial, in newborn, *1968:* June, 162
following tracheostomy, in acute laryngotracheobronchitis, *1968:* June, 85
recurrent, in children, as indication for bronchography, *1968:* June, 96
Pneumothorax, following tracheostomy, in acute laryngotracheobronchitis, *1968:* June, 85
in newborn, *1968:* June, 164
Polymyositis, esophageal dysfunction in, *1968:* June, 205
Polyps, of trachea and bronchi, *1968:* June, 220
Positional vertigo and nystagmus, in Meniere's disease, *1968:* Oct., 553
Postural drainage, following tracheostomy, in acute laryngotracheobronchitis, *1968:* June, 84
Potassium, Meniere's disease and, *1968:* Oct., 552
Pseudotumors, amyloid, of trachea and bronchi, *1968:* June, 221
Pulmonary. See *Lung.*

REISSNER'S membrane. See *Membranes.*
Respirators, body, during anesthesia, *1968:* June, 54
Respiratory distress, in newborn, *1968:* June, 147-169
causes of, *1968:* June, 166
with congenital lesions, of larynx, *1968:* June, 154
of mouth and pharynx, *1968:* June, 152
Respiratory distress syndrome, idiopathic, in newborn, *1968:* June, 165
Respiratory tract, lower, congenital lesions of, *1968:* June, 160
Restraint, in endoscopy without anesthesia, *1968:* June, 39
Reticular membrane. See *Membranes.*
Retrocochlear lesions, vertigo in, differential diagnosis of, *1968:* Oct., 499-507
Rhinoscleroma, intrabronchial tumors in, *1968:* June, 225
Roentgenography, investigative use, in otological anatomy, *1968:* Oct., 350
Rotation tests, in Meniere's disease, *1968:* Oct., 516
Round window, irradiation of, *1968:* Oct., 623

SAC, endolymphatic, development of, *1968:* Oct., 298
Sacculotomy, *1968:* Oct., 625-635
Sacculotomy *(Continued)*
advantages of, *1968:* Oct., 628
automatic repetitive, in endolymphatic hydrops, *1968:* Oct., 637-642
in Meniere's disease, *1968:* Oct., 698
clinical effects of, *1968:* Oct., 638, 685
clinical experience with, *1968:* Oct., 630
selection of patients for, *1968:* Oct., 627
technique of, *1968:* Oct., 629
Sarcoid, Boeck's, intrabronchial, *1968:* June, 225
Sarcoidosis, mediastinoscopy in, *1968:* June, 182
Scleroderma, of esophagus, *1968:* June, 204
esophageal motility studies in, *1968:* June, 206
treatment of, *1968:* June, 207
Shunt, endolymphatic. See *Endolymphatic shunt.*
otic-perotic, *1968:* Oct., 643-648
Silicosis, mediastinoscopy in, *1968:* June, 185
Sodium ampicillin, in acute epiglottitis, in children, *1968:* June, 74
Spasmodic croup, *1968:* June, 76
Spiral ganglion cells, in Meniere's disease, histopathology of, *1968:* Oct., 322
Stenosis, bronchial, with foreign body, *1968:* June, 34
subglottic, congenital, *1968:* June, 156
Stokes-Adams syndrome, atrium-triggered pacemaker in, mediastinoscopy in placement of, *1968:* June, 188
Streptomycin sulfate, in Meniere's disease, *1968:* Oct., 531-539
Stria vascularis, in Meniere's disease, histopathology of, *1968:* Oct., 320
Stridor, chronic, bronchography in, *1968:* June, 97
in children, significance of, *1968:* June, 110
Subarachnoid endolymphatic shunt, *1968:* Oct., 616. See also *Endolymphatic shunt.*
Supranuclear structures, lesions of, vertigo in, *1968:* Oct., 504
Surgery, in Meniere's disease, *1968:* Oct., 570, 604, 698, 703
results of, *1968:* Oct., 689, 691
with severe hearing loss, *1968:* Oct., 688
Syphilitic granuloma, of bronchus, *1968:* June, 225

TECTORIAL membrane, in Meniere's disease, histopathology of, *1968:* Oct., 320
Temporal bone, anatomical changes in, in Meniere's disease, *1968:* Oct., 351

Tetracaine, in asthmatic patients, *1968:* June, 45
Thoracotomy, versus mediastinoscopy, in bronchogenic carcinoma, *1968:* June, 181
Threshold sensitivity, elevation of, in Meniere's disease, *1968:* Oct., 433
Thymectomy, mediastinoscopy in, *1968:* June, 190
Tinnitus, effects of sacculotomy on, *1968:* Oct., 640
Torula, intrabronchial tumors in, *1968:* June, 226
Trachea, amyloid pseudotumors of, *1968:* June, 221
and bronchi, benign tumors of, *1968:* June, 219-238
anesthetization of, *1968:* June, 47
for endoscopy, *1968:* June, 47
chondroma of, *1968:* June, 233
congenital atresia of, *1968:* June, 162
epithelial tumors of, *1968:* June, 227
foreign bodies in, in children, *1968:* June, 87
granuloma of, *1968:* June, 219
hemangioma of, in infant, *1968:* June, 231
mesodermal tumors of, *1968:* June, 231
obstruction of, in newborn, *1968:* June, 134
osteochondroma of, *1968:* June, 233
osteoma of, *1968:* June, 233
polyps of, *1968:* June, 220
webs of, *1968:* June, 162
Tracheobronchial tree, acquired lesions of, in newborn, *1968:* June, 161
anomalies of, in children, bronchography in, *1968:* June, 115
Tracheoesophageal fistula, in children, bronchography in, *1968:* June, 113
in newborn, *1968:* June, 163
Tracheography, technique of, in children, *1968:* June, 99. See also *Bronchography.*
Tracheomalacia, primary, in newborn, *1968:* June, 165
Tracheopathia osteoplastica, *1968:* June, 234
Tracheoscopy, importance in foreign bodies of larynx, in children, *1968:* June, 87
in acute epiglottitis, in children, *1968:* June, 70, 73
in acute laryngotracheobronchitis, *1968:* June, 81
complications of, *1968:* June, 85
incision in, *1968:* June, 83
postoperative care in, *1968:* June, 84
technique of, *1968:* June, 82
Transcricoid anesthesia, for endoscopy, *1968:* June, 48
Transtracheal anesthesia, for endoscopy, *1968:* June, 48
Trauma, positional nystagmus in, *1968:* Oct., 501
Tuberculomas, of bronchi, *1968:* June, 223
Tuberculosis, as contraindication to bronchography in children, *1968:* June, 97
Tumor. See also *Carcinoma.*
benign, of trachea and bronchi, *1968:* June, 219-238
epithelial, of bronchi and trachea, *1968:* June, 227
inflammatory, nonspecific, of trachea and bronchi, *1968:* June, 219
intrabronchial, *1968:* June, 226
mesodermal, of trachea and bronchi, *1968:* June, 231
of bronchi, *1968:* June, 223
benign neoplastic, *1968:* June, 226
of developmental origin, *1968:* June, 235
pulmonary, mediastinoscopy in, *1968:* June, 177

ULCERATIVE esophagitis, *1968:* June, 123. See also *Corrosive esophagitis.*
Ultrasonic treatment, in Meniere's disease, *1968:* Oct., 575-586
Ultrasound, clinical use of, *1968:* Oct., 570
therapeutic effect of, *1968:* Oct., 571
on labyrinth, *1968:* Oct., 569-574

VASODILATOR drugs, in Meniere's disease, *1968:* Oct., 696
Vertigo, effects of sacculotomy on, *1968:* Oct., 638
episodic, fluctuating hearing and, in Meniere's disease, *1968:* Oct., 436
in infarction of brain stem, *1968:* Oct., 504
in lesions of supranuclear structures, *1968:* Oct., 504
in Meniere's disease, pathophysiology of, *1968:* Oct., 409-416
rupture of endolymphatic sac and, *1968:* Oct., 447
with positional nystagmus, *1968:* Oct., 553
in retrocochlear lesions, differential diagnosis of, *1968:* Oct., 499-507

Vertigo (*Continued*)
increase in, following cryosurgery, *1968:* Oct., 680
labyrinthectomy in, *1968:* Oct., 557-561
toxic, *1968:* Oct., 505
Vestibular aqueduct, development of, *1968:* Oct., 298
in Meniere's disease, radiographic and clinical observations regarding, *1968:* Oct., 339-346
vascular content of, *1968:* Oct., 301
Vestibular function, in Meniere's disease, *1968:* Oct., 409-416
Vestibular labyrinth, in Meniere's disease, *1968:* Oct., 323
Vestibular nerve, division of, middle cranial fossa approach in, in Meniere's disease, *1968:* Oct., 587
Vestibular neuronitis, differential diagnosis of, *1968:* Oct., 501
Vestibular neuronitis (*Continued*)
microscopic appearance of, *1968:* Oct., 309
small acoustic neuroma and, electron microscopic observations in, *1968:* Oct., 305-318
Viral croup, *1968:* June, 77
Visciodol, in bronchography, *1968:* June, 92
Vontrol, in Meniere's disease, *1968:* Oct., 691

WEB, glottic, in newborn, *1968:* June, 158
tracheal, *1968:* June, 162
Wheeze, in cardiovascular disease, *1968:* June, 134
persistent, in children, bronchography in, *1968:* June, 96
